ABOUT ME

I'm **RAJ RAVI**, based in Tamil Nadu, India. I'm a front-end developer passionate about web designing and development, basically an engineer in "computer science and engineering" major. I design and develop websites and web applications. Dynamic in nature, a team player also has the ability to lead a team.

OBJECTIVES

I would like to work in a company where, I should explore myself everyday along with the company's growth. To play a challenging role is my primary agenda.

QUALIFICATIONS

BACHELOR OF ENGINEERING

Graduated in Anna University at PODHIGAI COLLEGE OF ENGINEERING AND TECHNOLOGY, from 2017 to 2021. I secured 6.5 CGPA.

HIGHER SECONDARY EDUCATION

I did my higher secondary education in Hindu Higher Secondary School, Ambur. I secured **74.9%** in HSE in the years 2015 to 2017.
